Two carers / double-handed support	Price agreed with you
Complex clinical support	Price agreed with you
Emergency / short-notice visits	Price agreed with you
Transport for agreed outings (mileage)	£0.75 per mile

Good to know

We will talk with you about the care you need and give you a clear written price before your care starts.

Longer-visit prices apply when you receive several hours of care in one visit. If you have separate visits during the day, each visit is charged separately. We can also agree a price for regular care of 30 hours or more per week.

Sleeping night care is suitable if you only need help occasionally during the night. Waking night care is for people who need support regularly throughout the night.

Live-in care means having a carer stay in your home. We will discuss your needs and confirm the weekly price with you.

If we take you on an agreed journey, mileage costs £0.75 per mile. We will explain any extra charges, including holiday rates and cancellation fees, before your care begins.

You will receive a written quotation showing your care costs. We welcome direct payments and personal budgets. If you need specialist care or support from two carers, we will provide a separate price. We will tell you in advance about any changes to your agreed charges, in line with your care agreement.
