The support we provide is to help our residents with all daily living tasks such as getting up, washed and dressed, fed, showered and helping with medication administration. With a dedicated team of carers and an activity team keeping the home entertained and engaged, staff work hard to make this a great place to be.

Each of our separate households has its own dining and lounge area and no more than 16 residents per household which helps to keep each floor a little more intimate.

Food is cooked fresh in house and includes produce from our own 'grow your own' vegetable garden when available, served out to our residents each day. All nutritional requirements and/or intolerances are catered for.

We provide linen, bedding, towels and laundry is done within the home. Our friendly housekeeping team keep us ship shape and in order.

We create a care plan for each resident and are fortunate enough to have 2 GP visits per week, as well as daily visits from the Eastleigh District nurse team. We have full profiling style hospital beds, call bells above the bed, another call bell in the walk-in shower rooms as well as a wrist bangle/watch. We have standing aids and hoists for supporting mobility needs.
