SafeHands Nursing Care

Starting rates

A simple guide to our care fees. All rates below are starting prices and are subject to an individual assessment.

Care service	Starting rate
Hourly care	£29 per hour
Overnight care - 12 hours	£348 per night
24-hour care	£696 per day
Live-in care	£1,750 per week

Your individual quote

Final fees may vary depending on the level and complexity of care, the number of staff needed, the hours and pattern of support, and the level of nursing or clinical input required.

Live-in care is a separate arrangement from continuous 24-hour care. Any waking-night support or additional staffing will be assessed and included in your individual quote.

We will provide a clear written quotation setting out the agreed support and fees before care begins. Rates may be reviewed if care needs or the agreed support arrangements change. Any proposed changes will be discussed with you in advance.
