

Fees

Our standard fees are £1400 per week for permanent residents.

The most important aspect that sets us apart from other care homes, is that our fees are on an all-inclusive basis. We charge one single fixed fee. We do not charge the usual billable extras that other care homes do. There will be no restrictions on use of the home's facilities and a key focus will be on the integration of our residents when carrying out day-to-day activities and promoting health and well-being.

This is a transparent and inclusive living policy, with no hidden extras and is just one of the ways that Adore Care Homes is leading in elderly care. So, have that glass of wine, invite your family to afternoon tea, enjoy a movie in the cinema or visit the salon without a worry!
