## **Overall Experience Daughter of Service User - 24th February 2025**

*Cannot fault Lago Homecare for the service they have offered. They accommodate my parents' needs, including some last-minute bookings. My parents also appreciate the continuity of staff that Lago have been able to offer: other companies offered to cover the visits with up to eight or even ten staff members, Lago have done so with two, which has helped my parents form a bond with their carers and made things much easier for my father, who has Alzheimer's.*

## **Overall Experience Service User - 22nd January 2025**

*After using Lago Homecare for the past few months I cannot praise them enough for the way they have treated me. Everyone is kind, caring and professional allowing me to recover from my surgery with dignity and enabling me to make progress at my own pace. They are flexible enough so that my daily routine can be adjusted when needed e.g. for hospital appointments. I would have no hesitation in recommending them.*
